## SECP INTRODUCES A FASTER WAY TO LOCATE LIFE INSURANCE POLICIES

Simply by sending an SMS, you can easily check any life insurance policy held under your or your family's name.

The Policy Finder Service introduced by the SECP helps ensure smooth, transparent, and efficient identification of insurance policies registered under a policyholder's CNIC and subsequently lodge a claim as applicable.

### **How it works:**

Send the Policyholder's CNIC (without dashes or spaces) via SMS to **99833**.

If your policy exists with Askari Life, our representative will contact you soon.
