

Pure Protection Plus Family Takaful

In life, our deepest commitment is to our family's well-being. We strive to be their pillar of strength, their provider, and their protector. But have you ever wondered what would happen to their stability and dreams if you were no longer there? The thought itself is daunting. While we cannot predict the future, we can certainly plan for it, ensuring that our loved ones can face tomorrow with confidence and financial security, no matter what.

Understanding this fundamental need, Askari Life presents the Pure Protection Takaful Plan – a simple, affordable, and Shariah-compliant solution designed to offer your family immediate and sustained financial support, allowing them to maintain their lifestyle and pursue their aspirations even in your absence.

Benefits Designed for Real-Life Needs

Immediate Financial Support for Final Expenses

The passing of a loved one is an emotionally overwhelming time, often accompanied by immediate financial burdens. To alleviate this pressure, our plan provides **28% of the Sum Covered** as a lump sum payment directly to your family at the time of your demise. This immediate liquidity helps cover urgent expenses, allowing your family to grieve in peace without financial distress.

Sustained Monthly Support for Daily Living

Life goes on, and so do everyday expenses. The true value of this plan lies in its provision of long-term, reliable monthly support. We ensure your family's routine remains undisturbed through two crucial monthly allowances:

- **Fee Continuation Benefit (24% of Sum Covered):** Your children's education is the greatest gift you can give them. This benefit pays 24% of the Sum Covered in monthly instalments over one year, ensuring their academic journey continues uninterrupted.
- **Grocery Continuation Benefit (48% of Sum Covered):** To safeguard your family from everyday financial strains, 48% of the Sum Covered is paid in monthly instalments over one year. This provides a steady stream for essential household and grocery needs, offering stability during a difficult transition.

Straightforward and Affordable Yearly Coverage

We believe protection should be simple and accessible. This is a one-year, yearly renewable Takaful certificate with transparent pricing. There are no complex investment components—just pure, essential protection that is easy to understand and renew, giving you peace of mind without long-term complexity.
